To: Dial Before You Dig

Re: Ulan Coal Mines - Underground Utilities within Study Area associated with Longwall Panels W2, W3

Dear Sir/Madam,

Please find attached a completed Dial Before You Dig form and supporting figures (including cadastral map with Lot and DP numbers) for the study area in which we wish to confirm potential service locations. Potential activities within the study area include both underground mining (subsidence) and potential surface works and excavations if required. This information is being used as part of a subsidence management plan application required under NSW legislation.

Please contact the project consultants at **GSS Environmental** (as listed below) or myself on (02) 63725300 should you require any further information.

PROJECT CONSULTANTS:

GSS Environmental
Contact: Craig Bagnall
